

Minutes for the Agriculture & Open Space Advisory Committee September 5, 2007

Present: Larry Thetford, Pete Hubbell, Kenny Migliorelli, Beth Mead, Robert McKeon, Craig Vogel and Elizabeth Wilkins

Hardscrabble Day

We are organizing another showcase of our farms at Hardscrabble Day at the Elmendorph. We hope to have several farms represented, though we recognize that this is an extremely busy time of the season. Set up starts at 10:00 and will run throughout the day until the parade.

Sustainable Table

Keep Farming and Red Hook Farms will be represented at the Sustainable Table event at GiGi Market located at Greig Farms this coming Friday at 6:30. All are welcome and encouraged to come.

Keep Farming

We are also in the process of organizing a Farmer's Appreciation Breakfast at the Elmendorph on Friday, October 12 at 8am. We hope to share the results of the farmer and resident surveys at this forum. Keep posted for more information to come in the following weeks.

PDR Projects

Wil-Hi and Mead PDR applications are still moving along at a slow pace. Winnakee Land Trust will hold the application from Wil-Hi.

There was a hearing for the North of Tivoli Project on Sept. 4, 2007. It is hoped that there will be a match between Scenic Hudson and the Town. This project is up for vote on October 9, 2007.

Next Meeting

Our next meeting will be on October 1, 2007.
