In regards to the Hoffman residential development, the Trails Comm. would like to see a walk and bike trail included in the plan. This could be along or near the Hucklebush rail line and could be incorporated with whatever sidewalks and roads are included in the plan. The Hucklebush Railroad was an important part of the early development of Red Hook. A sign of some type would be a nice feature in order to commemorate this local railroad. Thank you for your consideration.

Sincerely,

Howie Callies --- chair
