Re: Parking Lot Improvements

I wanted to let you know that the Town is finally ready to begin our Parking Lot Project; a grant assisted effort to re-configure our campus to better accommodate our residents and guests. The work is scheduled to begin Monday, May 16th and will last under 2 months. During construction, which will occur in 2 phases, our parking lot will remain open – with the exception of a couple of days for the finish coat of pavement. We anticipate that happening sometime near the end of June. We will, of course, keep you updated on the progress.

Upon completion, we hope that you will find Town Hall to be easier to access, with more parking and accommodative to those with additional needs. As always, we thank you for your patience and understanding.

Please feel free to contact me if you have any questions on this or any other topic.

Robert
