

WORKSHOP ON HABITAT CONNECTIVITY PROJECT

A workshop will be held during the town board meeting **on May 27 at 7:45pm** to discuss the results of the **Habitat Connectivity Pilot Project**. Although the public is invited, the discussion will be of special interest to the CAC, Planning Board, Tree Commission, Community Preservation Board, Ag/Open Space Committee.

Laura Heady from the Hudson River Estuary Program and Ted Fink of GREENPLAN will provide an overview of the project and discuss the tools that were identified to further advance habitat conservation. The project was conducted in the Town of Red Hook, Village of Red Hook and Village of Tivoli with technical assistance from Cornell, the Estuary Program, GREENPLAN, and AKRF planners.
